The Walk of Life - Pave the Way for Hospice Care

As a special gift to you this Christmas, we're thrilled to offer you the opportunity to leave a lasting memento at St Peter & St James Hospice. The Walk of Life, a beautiful path made up of varying paving stones, will welcome visitors to our hospice. As it grows, the path will become a stunning celebration of patients, families, friends and colleagues, filled with unique, uplifting messages.

Together, we'll create a stunning tribute

You can choose from the following paving stones:

Purchasing your engraved stone is a special way to commemorate somebody you love whilst being there for local families living with terminal illness. The cost of your paver will help to provide expert and compassionate hospice care to people living with terminal illness, both at the hospice and in the community, bringing them comfort, joy and dignity during difficult days. You'll also support family and friends through the challenges of illness, bereavement and grief.

How to choose your inscription:

The Walk of Life is a place for positive and uplifting messages. With this in mind, we kindly ask that 'in memory of' or lifespan dates are not used.

If you are writing an inscription to honour your loved one, it may help you to think about what they enjoyed the most in life, any quotes or sayings that remind you of them, or simply why they meant so much to you. Perhaps you'd always say 'Love you to the moon and back' to each other, or the person in mind was 'Always the last to leave the dancefloor.'

If you would like to honour a company or individual for their fundraising, perhaps think about the inspiration behind their support or why you feel touched by their contribution.

What happens next?

1. Complete the enclosed order form and return it to the hospice in your freepost envelope.
2. We'll review your inscription and contact you if any changes are needed. We'll then send you a certificate to confirm the wording of your inscription. Please let us know within 10 days if it needs amending. We will not be able to make any changes to the inscription after this.
3. New pavers are laid in batches and it may take several months for your paver to be added to the path. You will be invited to the hospice to see your tribute once it is laid.

Maintenance of The Walk of Life

The stones are natural and organic so they will fade over time. We guarantee the granite pavers for five years, after which time you can get in touch with us to discuss ongoing maintenance if you wish.

The stones may differ slightly in colour from those in the pictures and over time the stones in the walk will wear as they are exposed to the elements. St Peter & St James Hospice is not liable for any damage to the stones by natural causes. In exceptional circumstances we also reserve the right to relocate stones.

We retain complete control over the location and installation of all stones in the Walk of Life. The stones are and will remain the property of the hospice. We reserve the right to refuse any application at our discretion.

Thank you for paving the way for Hospice Care
