

Help us grow hospice care this summer

We would like to express our heartfelt gratitude to all our supporters who have generously opened their gardens in support of the hospice. We are incredibly thankful to everyone involved, and this year we feature new gardens, both individual and as part of our village trails.

From beautiful plants and ponds to vibrant peonies and woodlands, our gardeners will be there to welcome you.

Open Gardens is a truly community-driven event, bringing together those who open their gardens and those who come to visit. Thanks to all of you, we can continue to provide care and support to those in need, both now and for generations to come.

About St Peter & St James Hospice

St Peter & St James Hospice provides expert care to adults living with a life-limiting illness in our community. Our support extends to friends and families too. Our community includes Burgess Hill, Haywards Heath, Lewes, Uckfield and everywhere in between. We support people to live and die well, according to what matters most to them. Our mission is to provide the best possible care, in the right place, at the right time, to everyone who needs us. Our aim is to continue to be a safe, modern, sustainable and effective hospice to support generations to come.

Hurst Hedgehog Haven Talk

We are delighted to welcome Ann from Hurst Hedgehog Haven to the hospice on **Monday, 28th September, 10.30am**, who will come and talk about how we can help make our gardens a little more hedgehog friendly. The team will also explain how they look after hedgehogs, by giving first aid and rehabilitating them.

Tickets are £10.00 each and will include refreshments.
